## Chemistry Minor

22 credit hours required. Closed to Chemistry and Biochemistry majors.

The chemistry minor represents a valuable complementary field of study especially for students majoring in biology, geology, criminal justice and physics or experimental psychology. It is also possible that students in non-scientific areas of the liberal arts will find this minor a very rewarding and valuable part of their general education.

### Special Note:

Students must maintain an average grade of 2.0 in courses counted toward the minor.

### Required Courses:

		Credits
CHEM 105	General Chemistry 1: Lecture and Lab	4
CHEM 106	General Chemistry 2: Lecture and Lab	4

### Elective Courses:

14 credit hours under advisement from the department's elective course offerings.
