### Special Notes:

1. Economics majors must earn a minimum grade of 2.0 in every course counted toward the major (required and elective).
2. Students do not have to take ECON 105 and 110 in sequence. Students must receive a grade of 2.0 or higher in each appropriate prerequisite before taking upper-division economics courses.
3. Occasionally special topics in economics are offered with the number ECON 195, 295, 395 or 495. These courses will be counted as economics electives. Appropriate prerequisites will be assigned to each course.
4. Students cannot count more than three lower-division economics courses toward their major. These include ECON 105 and 110.
5. Students may not double-count more than two common courses between any majors and minors in the Department of Economics and Employment Relations and the Department of Business Administration. Cognate requirements are excluded from this rule.
6. Transfer students are expected to meet the same major

requirements as non-transfer students. Fifteen hours of the major work must be completed at SUNY Potsdam.

7. The Liberal Arts Requirement: Bachelor of Arts degrees must contain a minimum of 90 credit hours of liberal arts courses. Most courses offered in the School of Arts and Sciences are given for liberal arts credit. Non-liberal courses are designated with "@" in the title.
