
Geology Minor

19 credit hours required. Closed to Geology majors.

The geology minor provides an opportunity for students majoring in the social sciences and the other sciences to relate their major field of study to issues concerning the environment and particularly to geological aspects of land-use. The geology minor is especially appropriate for majors in archeology, anthropology, economics, environmental studies, political science, sociology and the other sciences who anticipate careers in government or industry that will involve issues of public policy concerning the environment.

Required Courses:

	Credits
GEOL 100, 101, 103, 106, 125, or 195	3
GEOL 204 Historical Geology	3

Electives:

13 credit hours of any combination of 300-400 level Geology courses upon advisement.

Grade Requirements:

All credits submitted for the geology minor must be at a grade of 2.0 or higher.
