

Michelle Masaryk, Chevallum State School, Childhood Education

Matt Yagley, Currimundi Special School, Special Education

G'day, so you're thinking of Student Teaching in 2012? You're invited to student teach, with us, in Australia! What are you waiting for?

"Student teaching in Australia has been a once-in-a-lifetime experience no matter how many times you hear this, you will not understand or appreciate it until you participate in the experience yourself". **Sierra Langkammerer**, Early Childhood, SUNY Potsdam

"My school placement host teacher could not have been a more suitable choice. She was not only highly professional and educationally most knowledgeable, but also so personable. And, the staff at my school were phenomenal, welcoming me to their campus with open arms". **Sara Pick**, Early Childhood, SUNY Cortland

"This has been an absolutely unforgettable experience, neither like anything that I've ever done nor dreamt of doing before. My school colleagues strongly embraced me as a fully-fledged member of their school community, always supporting me in my continual development as a Physical Education teacher". **Chris Atkinson**, High School Physical Education, SUNY Cortland

"Because of my Australian student teaching experience, I now have a real thirst for teaching. I also now understand more fully the importance in life of taking some chances, following your dreams, and building international relationships". **Melanie Kenny**, Childhood, SUNY New Paltz

"This experience has enabled me to cross so many bridges". **Matt Yagley**, Special Education, SUNY Brockport

"Getting to know my school community and the Australian people was such a rich experience life-changing, personally and professionally"
Jessica Wilson, Childhood, SUNY Cortland

"My Australian student teaching placement was more than just a placement I am now a much more confident, knowledgeable, open-minded, globally aware, and generous prospective teacher". **Heather Schowe**, Early Childhood, SUNY Cortland

... They taught Downunder in 2011!

2012 Program schools are:

Buddina State School www.buddinass.eq.edu.au
