

Student Facilities and Services

Accommodative Services

SUNY Potsdam is committed to the full inclusion of all students who can benefit from educational opportunities. In accordance with the Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, the College endeavors to make reasonable adjustments in its policies, practices, services, and facilities to ensure equal opportunity for qualified students with disabilities to participate in all educational programs, services, and activities. The College will also strive to ensure that a person with a disability who is otherwise qualified will not, on the basis of that disability, be denied full and equal access to and enjoyment of academic and co-curricular programs or activities or be otherwise subjected to discrimination under programs or activities offered by the College.

The Office of Accommodative Services (OAS) provides academic accommodations for all qualified students who have documented learning, emotional, and/or physical disabilities and have need for accommodations. Accommodations can include such services as notetakers, text readers, alternative testing arrangements, loan of some equipment, etc.

A student with a disability requiring reasonable academic accommodations should make the specific request for such assistance to OAS. It is the responsibility of the student to identify him/herself as having a disability and to inform OAS that an accommodation is necessary. The student must submit written documentation of the disability and the need for accommodations from an appropriate authority. Accommodations will be determined on an individual basis.

OAS will assist students requesting non-academic auxiliary aids or services in locating the appropriate campus offices to address the requests. Personal care needs are the responsibility of the student.
