

Study Abroad Information Sheet

This worksheet gives the medical providers at Student Health Services the information they need to advise your students about staying healthy during your trip. This information is needed as soon as it is available – students are encouraged to schedule their travel physicals very early in the planning process. Please send this form to Richard E. Moose, MD at Student Health Services (or email it to moosere@potdam.edu). Thank you for helping to keep your students healthy!

Name of Trip: _____

Faculty Member 1:

Faculty Member 2:

Dates of Trip: From: _____

To: _____

Countries Visited: _____

These questions determine types of medication and vaccines needed.

Will time be spent in a rural area? Yes No

- In which countries?
- Will rural exposure last overnight?

Is contact with animals foreseen during trip? Yes No

- What kind of animals?
- Where will the contact occur
(which country, which province)?

Please determine if malaria medication is recommended by going to wwwn.cdc.gov/travel/yellowBookCh5-MalariaYellowFeverTable.aspx (the n after www is not a typo). **USE THE TABLE TO DETERMINE THE MALARIA RISK FOR EACH COUNTRY VISITED. OUR MEDICAL PROVIDERS CANNOT ANSWER MANY OF THE QUESTIONS ASKED ON THE TABLE.** If you cannot determine if malaria medication is recommended, contact your trip organizer to find out.

Is malaria medication recommended? Yes No
