

CAREER PLANNING ∞ ANNUAL REPORT CLASS of 2004

Career Planning • SUNY Potsdam, Potsdam, NY
267-2344 www.potsdam.edu/career

SURVEY

Graduation dates: This report includes information on graduates completing degrees in August of 2003, December of 2003, and May of 2004.

Survey method and schedule. The survey was conducted three times. The first survey was handed out and collected at graduation rehearsal. Graduates were surveyed by mail in February of 2005 and April 2005. All surveys were mailed first class to the latest known home address. No telephone follow-up is conducted because of the exorbitant cost and the amount of staff time required. Four hundred and twenty four surveys were completed at graduation rehearsal. It should be noted that over fifty percent of the students graduating do not attend graduation rehearsal. At graduation rehearsal we collected over ninety percent of the surveys that we handed out. Fifty-three percent of the students who completed the survey were either employed, entering graduate school or not seeking employment.

Second Survey Results. This survey was mailed in early February to eighty-two percent of the graduating class. (This number includes the 199 students who checked on our survey at graduation rehearsal that they were still seeking employment and the students who did not attend graduation rehearsal). We received a ten percent response from our second survey.

Third Survey Results. This survey was mailed mid-April to those students who did not attend graduation rehearsal, who were unemployed at graduation rehearsal and who did not reply to our second survey. We received a nine percent response from this mailing.

REPORT RELIABILITY

Two conflicting conditions are present. **(1)** Even though we ask that surveys be forwarded, the survey is more likely to reach unemployed graduates than employed ones. Most employed graduates have moved from home and their addresses are less reliable. This would cause a higher return from graduates still seeking employment in their career field. **(2)** Employed graduates are more likely to answer the survey than unemployed graduates. We try to compensate for this by offering specific services with the survey, but we still expect a tendency to wait for good news to report. This would result in a higher return from those already employed in their field. We cannot determine the influence of these conditions on this survey. We hope that they balance out and give us an accurate picture.

STATISTICAL BASE

The "number of graduates" for each major may not include some who graduated late (incomplete grades, etc.). Graduates are counted in their first major only, with the exception of teachers. Although Education is a second major, we also summarize teachers as a group. We realize that percentages are of no value where the respondent base is small. We have only included small returns to keep the format consistent.

DISTRIBUTION OF SURVEY RESPONSES

The original survey returns are sent to the Alumni Office after this report is completed for use in updating their records.

CATEGORIES OF SERVICES

Recorded Services. These are given through hourly appointments with the Director or Counselor or attendance at a group presentation. In these cases, the student's name, class, major, and type of service given are recorded. If an appointment covers more than one service, each topic is recorded as a service during that appointment.

Unrecorded Services. These are walk-ins and telephone inquiries requiring the assistance of office staff, and walk-ins picking up handouts, using our library, or using the reference file service. The Career Planning Library in our office area is used extensively, but numbers of students are not recorded. These services are too numerous and continuous to record specifically.

SUMMARY OF SERVICES FOR 2003-2004 YEAR

Personnel

- Career Planning professional staff for the 2003-2004 academic year were Karen Ham, Director; Donnita Firnstein, Counselor; Bonnie Marsh-Godreau, Secretary, and Tricia Gorman, Temporary Career Counselor. Tricia filled in for Donnita when she was on maternity leave.
- Our student workers included: Jennifer DeClue, Geoff Hobart, Jon Russo, Dana Farley, Nicole Strain, and Chris Carlton
- Sarah Bodner served as our Public Relations Intern for the year.

Department Presentations/Events/Meetings/Appointments

- In addition to regular student services, the following presentations were completed this year: classroom - 41 , on campus non-academic -31, employer meetings -14, special career planning campus events - 7, and career planning workshops - 6.
- We served on 15 different committees.
- We held individual or group counseling presentation sessions with 2,686 students providing them with 4,823 services in 21 different categories. In addition, we served an estimated 1,000 students on a walk-in basis and answered over 3,200 phone calls.
- Of the students seen by individual appointments, 45% were seniors, 11% were juniors, 7% were sophomores, 6% were freshmen, 20% were graduate students, 9% were alumni, and 2% were community members.
- Of the students seen in workshops/presentations, 27% were seniors, 12% were juniors, 12% were sophomores, 44% were freshmen, and 5% were graduate students.

Employers

- Hundreds of companies posted jobs.
- We designed an employer resume project when the free commercial resume program we were using went bankrupt. The purpose of this project is to get SUNY Potsdam students' resumes quickly in the hands of employers when the employers contact us for a list of qualified candidates. We mailed 195 resumes to 56 employers.

Employment Connections 2004 Job Fair

- This was co-administered by SUNY Potsdam, Clarkson University, St. Lawrence University, and SUNY Canton Career Planning staffs. This was the fourth year that SUNY Potsdam has been involved in administering a local job fair. St. Lawrence University hosted the job fair.
- Thirty employers attended the job fair. Of the 135 students who attended the fair, 21 were SUNY Potsdam students.
- This program was extremely beneficial with expanding working relationships between SUNY Potsdam and employers.

Teacher Recruitment Days

- This event was co-administered by 15 higher education institutions located in central New York. This was the fourth year that SUNY Potsdam students were admitted to this event.
- One hundred and eighty nine school systems and nearly a thousand students attended this event. Eighty- six SUNY Potsdam students registered and received nearly 400 interviews. Our students indicated that they received 1- 20 interviews with 8 students being offered positions at the job fair.
- Student comments included: "It was a great opportunity to get your name out there". "It was a good experience and a great opportunity to meet with many schools in one day".

The Senior Year Experience (SYE)

- This is a Senior Year Experience Program series which was co-designed and co-administered with Residence Life. This is the second year for this project.
- Eight different programs were offered. Career Planning was the guest speaker at four of the programs.
- Thirty students attended the four career planning programs.

Non-Traditional Student Survey

- We conducted a non-traditional student Focus Group with fourteen students to learn how Career Planning staff could better meet their career development needs.
- As a result of this focus group, we will be pilot testing, holding bi-weekly appointments in the Non-Traditional Student Lounge, publishing non-traditional student career newsletters and posting local employment information in the Non-Traditional Student Lounge starting in the Fall of 2004.

Major Affair Program

- We co-administered this program with Residence Life and Academic Services. We directed this program towards freshmen and undeclared students.
- Every academic department was represented and 343 students attended.
- Attendance was nine percent higher than last year.

Computer Services

- SIGI PLUS/FOCUS - The SIGI PLUS/FOCUS, interactive computer career selection systems, were used by 279 students.
- Career Planning Home Page – Our home page, which is maintained by our office, continues to be highly utilized. We spent many hours maintaining and updating our vacancies and Internet web links during the year.
- Student Computers – These were used by students to produce resumes, portfolios, business cards, cover letters, and to access the Career Planning Home Page on the Internet.
- We hired a student to write a technical manual so that the entire staff has the knowledge and skills to update and maintain our web site. This manual and training was completed by August 2004.

College Committees

- Karen served as Chair of the Faculty Senate Academic Programs and Curriculum Committee, on the Faculty Senate Executive Board and as a Student Affairs Representative for the Faculty Senate.
- Karen, also, served as a Faculty Advisor for Circle K.
- Donnita and Karen served on the Employment Connections 2004 Job Fair, Teacher Recruitment Day, and Internship Committees.
- Karen served as a member of the Service Learning Committee, Distance Learning Committee, Honor Society Advisory Group, Career Counseling Search Committee and CIS Advisory Board.
- Donnita served on the SUNY CDO Conference Committee.
- Karen served on the SUNY CDO Professional Development Committee.

Community Outreach

- We held twenty-four career counseling appointments with community members.
- Karen served as the campus representative on the Board of Directors for the Potsdam Community Holiday Fund.
- We presented at local area high school career programs.
- Karen is Treasurer for Potsdam's Kiwanis. As a member of this organization Karen has volunteered many hours of service to the local community.

Future Directions/Challenges

- To provide the same quality and quantity of services, while Donnita is on maternity leave during the Spring of 2005. The challenges are having the resources to hire a qualified individual to provide the same quality and quantity of services while training this person.
- To have all students start their career planning process during their freshman year. The challenge is convincing students, faculty and staff of the need for students to begin the career planning process during their freshman year and to continue the process throughout their college career.
- To continue to provide cutting-edge career programs/services to our students. The challenge is having the time and money to keep abreast with the constant changes in the field.
- To effectively and efficiently assist employers with finding qualified candidates. The challenge is designing and implementing a program/system with our current resources.

- Work with North Country employers. The challenge is finding the time and resources to accomplish this.
- To continue to integrate the use of technology for student and office services. The challenge is to stay abreast of technological changes in the career planning field and having the funds to keep resources current.
- Collaborate with other Student Affairs and Student Success Center personnel to provide integrated services that enhance student satisfaction, promote student success, and increase retention of SUNY Potsdam students.

SUMMARY OF SERVICES FOR 2003-2004 YEARS

SERVICES BY TYPE

| Type of Services | # of Services | % of this |
|-----------------------------------|---------------|-----------|
| Resumes/Letters..... | 832..... | 17.4% |
| Career Selection..... | 350..... | 7.3% |
| Job Search Techniques..... | 581..... | 12.1% |
| References..... | 474..... | 9.8% |
| Summer Job/Career Experience..... | 250..... | 5.2% |

| Other..... | 31..... | 0.6% |
| <hr/> | | |
| Total..... | 4,823..... | ...100% |

The resume we use requires some knowledge of the market for which it is intended.
Therefore, we do a great deal of career selection work in the resume sessions.

APPOINTMENTS BY POPULATION 2003-2004

Individual appointments are one hour each and workshops/presentations are 1 to 2 hours, with attendance ranging from 3 to 102 students each. Group appointments include attendance at workshops and presentations. We continually encourage underclass students to use our services, as career planning takes extensive time and effort. If we can increase the number of services used at lower class levels, students will be on target in their career planning by their senior year.
