

CAREER PLANNING ∞ ANNUAL REPORT

CLASS of 2005

Career Planning • SUNY Potsdam, Potsdam, NY
267-2344 www.potsdam.edu/career

SURVEY

Graduation dates: This report includes information on graduates completing degrees in August of 2004, December of 2004, and May of 2005.

Survey method and schedule. The survey was conducted four times. The first survey was handed out and collected at graduation rehearsal. Graduates were surveyed by mail in November 2005, March 2006 and called in April and May 2006. All surveys were mailed first class to the latest known home address. Four hundred and two surveys were completed at graduation rehearsal. It should be noted that over fifty percent of the students graduating did not attend graduation rehearsal. At graduation rehearsal, we collected over eighty-five percent of the surveys that we handed out. Forty-seven percent of the students who completed the survey at graduation rehearsal were either employed, entering graduate school or not seeking employment.

Second Survey Results. This survey was mailed in mid November to eighty-three percent of the graduating class. (This number reflects those students who had not attended graduation rehearsal or who, at graduation rehearsal time, were still seeking employment). We received a 11.5 % response from our second survey.

Third Survey Results. This survey was mailed early March to seventy-five percent of the graduating class. (This number reflects those students who had not replied to our second survey or who were still seeking employment at the time of the second survey). We received an 8.3 % response from this mailing.

Phone Call Results. Because our survey response rate has continually declined over the past four years, this year we hired a student worker to make phone calls to collect graduate data. During April and May, calls were made to eight-five percent of the graduates whose placement data we were missing. We received an 18.3% response to these phone calls. The majority of graduates phone numbers were incorrect numbers. This method was successful with increasing our survey response rate.

REPORT RELIABILITY

Two conflicting conditions are present. (1) Even though we ask that surveys be forwarded, the survey is more likely to reach unemployed graduates than employed ones. Most employed graduates have moved from home and their addresses are less reliable. This would cause a higher return from graduates still seeking employment in their career field. (2) The survey will most likely be answered by employed graduates than by unemployed ones. We try to compensate for this by offering specific services with the survey, but we still expect a tendency to wait for good news to report. This would result in a higher return from those already employed in their field. We cannot determine the influence of these conditions on this survey. We hope that they balance out and give us an accurate picture.

STATISTICAL BASE

The "number of graduates" for each major may not include some who graduated late (incomplete grades, etc.). Graduates are counted in their first major only, with the exception of teachers. We, also, summarize teachers as a group. We realize that percentages are of no value where the respondent base is small. We have only included small returns to keep the format consistent.

DISTRIBUTION OF SURVEY RESPONSES

The original survey returns are sent to the Alumni Office after this report is completed for use in updating their records.

CATEGORIES OF SERVICES

Recorded Services. These are given through hour appointments with the Director, Counselor or attendance at group presentations. In these cases, the student's name, class, major, and type of service given are recorded. If an appointment covers more than one service, each topic is recorded as a service during that appointment.

Unrecorded Services. These are walk-ins and telephone inquiries requiring the assistance of office staff, and walk-ins picking up handouts, using our library, using the reference file service or using the student computers. These services are too numerous and continuous to record specifically.

SUMMARY OF SERVICES FOR 2004-2005 YEAR

Personnel

- Career Planning professional staff for the 2004-2005 academic year were Karen Ham, Director; Donnita Firnstein, Counselor; Bonnie Marsh-Godreau, Secretary; and Cynthia Morin, Temporary Career Counselor. Cynthia filled in for Donnita while she was on maternity leave.
- Our student workers included: Geoff Hobart, Jon Russo, Dana Farley, Ashley Hall, Erin Kerwin, Chris Carlton, Cliff Morehouse, Joshua Behan, and Gaius Gergich
- Erin Kerwin served as our Public Relations Intern for the year.

Department Presentations/Events/Appointments/Committees

- In addition to regular student services, the following presentations were completed this year: classroom - 50, on campus non-academic -21, special career planning campus events - 7.
- We served on 10 different committees.
- We held individual or group counseling presentation sessions with 1,833 students providing them with 4,543 services in 12 different categories. In addition, we served an estimated 1,000 students on a walk-in basis and answered over 3,200 phone calls.
- Of the students seen by individual appointments, 49% were seniors, 11% were juniors, 4% were sophomores, 4% were freshmen, 12% were graduate students, 12% were alumni, and 8% were community members.
- Of the students seen in workshops/presentations, 28% were seniors, 13% were juniors, 17% were sophomores, 30% were freshmen, and 12% were graduate students.

Employers

- Hundreds of companies posted jobs.
- We designed an employer resume project when the free commercial resume program we were using went bankrupt. The purpose of this project is to get SUNY Potsdam students' resumes quickly in the hands of employers when the employers contact us for a list of qualified candidates. We mailed resume packets to 75 employers.

Employment Connections 2005 Job Fair

- This was co-administered by SUNY Potsdam, Clarkson University, St. Lawrence University, and SUNY Canton Career Planning staffs. This was the fourth year that SUNY Potsdam has been involved in administering a local job fair.
- Forty-two employers attended the job fair. Of the 149 students who attended the fair, 63 were SUNY Potsdam students.
- This program was extremely beneficial with expanding working relationships between SUNY Potsdam, employers, and the career planning staff at the local colleges.

Teacher Recruitment Days

- This event was co-administered by 15 higher education institutions located in central New York. This was the sixth year that SUNY Potsdam students were admitted to this event.
- One hundred and eighty-nine school systems and nearly a thousand students attended this event. One hundred and twelve SUNY Potsdam students registered, ninety-five students attended and received nearly 450 interviews.

Non-Traditional Student Survey/Services

- We mailed a career planning survey to over 300 non-traditional students. Fifty-one surveys were returned.
- As a result of this survey, we will no longer hold bi-weekly appointments in the Non-Traditional Student Lounge or publish non-traditional student career newsletters.
- Non-traditional students preference was for individual appointments and having material posted on Career Planning's Carson Bulletin Board.

Major Affair Program

- We co-administered this program with the Residence Life and Alumni Offices. We directed this program towards freshmen and undeclared students.
- Every academic department was represented and 322 students attended.
- We received extremely positive feedback from students, faculty and alumni.

Computer Services

- FOCUS, an interactive computer career selection system, was used by nearly 100 students.
- Career Planning Web Page is maintained by our office and continues to be highly utilized. We spent many hours maintaining and updating our web page.
- Student computers were used by students to produce resumes, portfolios, business cards, cover letters, job search and to access the Career Planning Web Page.

College Committees

- Karen served as Chair of the Faculty Senate Academic Programs and Curriculum Committee, on the Faculty Senate Executive Board and as a Student Affairs Representative for the Faculty Senate.
- Karen, also, served as a Faculty Advisor for Circle K.
- Donnita and Karen served on the Employment Connections 2005 Job Fair, Teacher Recruitment Day, and Internship Committees.
- Karen served as a member of the Service Learning Committee, Distance Learning Committee, and CIS Advisory Board.
- Donnita served on the SUNY CDO Professional Development Committee.
- Karen served on the SUNY CDO Director's Group

Community Outreach

- We held ninety-two career counseling appointments with community members.
- Karen served as the campus representative on the Board of Directors for the Potsdam Community Holiday Fund and Kiwanis.
- We presented at local area high school career programs and assisted with community fundraisers.

Future Direction/Challenges

- To continue to provide the same quality and quantity of services. The challenge is having the time and resources necessary to provide the same quality and quantity of services.
- To have all students start their career planning process during their freshman year. The challenge is convincing students, faculty, staff and parents of the need for students to begin the career planning process during their freshman year and to continue the process throughout their college career.
- To continue to provide cutting-edge career programs/services to our students. The challenge is having the time and money to keep abreast with the constant changes in the field.
- To effectively and efficiently assist employers with finding qualified candidates. The challenge is designing and implementing a program/system with our current resources.
- Work with North Country employers. The challenge is finding the time and resources to accomplish this.
- To continue to integrate the use of technology for student and office services. The challenge is to stay abreast of technological changes in the career planning field and having the funds to keep resources current.
- Collaborate with other Student Affairs and Student Success Center personnel to provide integrated services that enhance student satisfaction, promote student success and increase retention of SUNY Potsdam students.

SUMMARY OF SERVICES FOR 2004-2005 YEAR

SERVICES BY TYPE 2004-2005

Type of Services	# of Services	% of this Type

Total.....	4,543.....	100%

The resume we use requires some knowledge of the market for which it is intended.
Therefore, we do a great deal of career selection work in the resume sessions.

APPOINTMENTS BY POPULATION 2004-05

Individual appointments are one hour each and workshops/presentations are 1 to 2 hours, with attendance ranging from 3 to 102 students each. Group appointments include attendance at workshops and presentations. We continually encourage underclass students to use our services, as career planning takes extensive time and effort. If we can increase the number of services used at lower class levels, students will be on target in their career planning by their senior year.
