The College Writing Center peer consultants can offer you individualized consultations on your academic assignments and other writing.

We also offer e-mail feedback and group workshops. We assist all students, in any major, on any assignment, at any stage of completion. The services are FREE!

Dr. Jennifer Mitchell
Director
Brenna Link-Barkley
Assistant Director
Brenton Johnson
Graduate Assistant

Our staff consists of trained peer consultants who are students just like you!

*All consultants can work in any field, but these are their specialties.*
About CWC Services

“The people in the College Writing Center are excellent at helping us get started and at going over what we already have. I can always count on the CWC to take some of that stress away and help me do better on my paper!”

-Haydee Padilla 2012

Need some last minute help? We do our best to accommodate walk-ins.

Peer Tutoring
Our one-on-one tutoring sessions are provided by other students. This is a relaxed way to have a trained tutor help you with any assignment.

All students are welcome. Just book your appointment 2 to 3 days in advance. Leave some time for revision or even to book a follow up session.

E-mail Feedback
You can email a tutor your drafts and receive valuable feedback online.

All you have to do is enroll in person or by phone to take advantage of this service.

Events
The CWC offers free workshops open to everyone. We explain CWC services, citation formats, and the use of peer response. The CWC works with faculty and departments such as Career Planning, School of Education, and Center for Undergraduate Research.

We help you write your paper the way you want to!
At the Writing Center

While at the center you will be able to enjoy a positive and focused atmosphere! To achieve this we follow a few simple policies.

**Cancelling?**
If you must cancel, please call or email right away. The staff will be happy to help you reschedule!

If you cancel within the 24hr period it is considered late. Two of these late cancellations will count as one no-show.

**Running late?**
We know how hectic college life is! Everyone runs late sometimes, but if you are late by more than 15 minutes, it will count towards your two no-shows.

**Need to eat?**
To avoid distractions during tutoring sessions, we ask that food is kept out of the center. Drinks are fine, though!

**Two no-shows will result in a loss of CWC services for the remainder of the semester.**

*If you no-show, we’ve lost that hour, and so have your peers.*

*So, allow us to help as many students as we can by following the recommendations above!*
Get Involved
Peer tutor with the College Writing Center

Tutoring or consulting is a fun way to improve your own writing skills, gain valuable teaching experience and get paid at the same time.

Don’t be shy: we thoroughly train all of our tutors, so come build on your college experience.

New tutors get started by completing COMP 406 Tutoring Practicum. During this course you will enjoy group training and observe experienced tutors. Eventually you will lead the sessions, with feedback from the tutors. This will give you valuable hands-on experience!

Contact Dr. Mitchell in Morey 135 or e-mail cwc@potsdam.edu for more information!

You can also come talk to tutors about joining the staff.
