To all those concerned,

I am running for the SGA secretary position. I want to become the secretary because I believe I would be good for the position and SGA seems like a fun place to be a part of. I like everyone that is a part of SGA currently. I already spend a lot of time at the office and try to answer questions of the people who come to the window.

The reasons why I believe that I would be a great secretary are that I work diligently by getting tasks done quickly and efficiently, I am always willing to help where needed, I work well with others, and I am an extremely fast learner and rarely need to be told how to do things twice. On top of all that, I already have an idea of how the office is run. I do small tasks around the office as is, like calculate totals of surveys (Amber appreciates it). Also, by doing this, I noticed that many people do not know who or what SGA is and what they offer to school and campus. As of now, the duties of comptroller include public relations and that doesn’t make sense. I would be willing to absorb those duties so the comptroller can attend solely to financial issues. I would like the task of informing students of how SGA helps them and how they can use the benefits to their fullest potential.

Sincerely,

Katrina Macaluso
