Hi TRiO Participants.

Wondering if you are off to the right start with your classes?

Did you know that the professor provides a lot of information about how s/he will present information, how you need to study the course content, organize it, learn it and produce the content s/he wants in the format s/he wants on home works, assignments and exams?

Yup, it’s all available in your syllabus!

Here is a great link entitled Top 10 Secrets of the Course Syllabus: http://blog.chegg.com/2012/01/08/top-10-secrets-of-leveraging-the-course-syllabus/

Check it out and then let us know how we can help you understand and use your syllabi to be successful this semester. You can make an appointment by calling (315) 267-2347 or by coming to our TRiO Main Office, 119 Sisson, between 8-4, M-F.
