

**President's Council  
Meeting Notes  
August 16, 2017**

Updates: The opening meeting will offer each division head an opportunity to introduce all new employees who have joined the campus community since the 2016 opening meeting.

Budget Update: John Homburger reported that in reviewing the budget requests sent through the newly created process, it was determined that there had not been a review of student assistant assignments and allocations. John asked that everyone review their need for student workers to be as efficient as possible.

Departmental  
Name Changes: Career Planning has requested a name change to Career Services. Student Research requested a name change to Student Research and Creativity. Both requests were approved.
