

Spectrum U Streaming Service

Introducing Spectrum U to SUNY Potsdam Residential Students

With the Spectrum U app, you can watch ABC, CBS, FOX, NBC, ESPN, and many more channels on your favorite personal devices for free.

Residential students who live on campus can now stream the shows they love and on-demand content from Spectrum anytime, right from their devices when they download the SpectrumU app.

With this new app you can:

- **Watch TV anytime** through your personal mobile devices (iOS® and Android™), tablets, laptops, desktops and newer models of Apple TV.
- **Access a robust channel lineup** with local entertainment, sports programming and more while on campus (in the Residence Halls or Academic Buildings).
- **Watch more than 7,000 hours** of on-demand content, including previous episodes, full series, popular movies, and more..

Getting started is easy.

- **Visit the Apple App Store®, Google Play® or Amazon Appstore to download SpectrumU®** (TIP: To avoid finding the separate SpectrumTV app, search for “SpectrumU,” not just “Spectrum”)
- **To view SpectrumU on a computer or laptop**, go to the following web address: watch.spectrum.net. When signing in on a computer or laptop, do not enter your login information in the first blanks. Click where it says “University Student? Go to Spectrum U” or the Gray button that says “Sign in to Spectrum U”. Enter “potsdam.edu” for the school domain and it will direct you to the college’s sign on page. After entering your email and password, it will log you in and you can watch Spectrum U.

The following devices and OS version numbers are currently supported:

- **All major Android™ smartphones** and tablets running Android™ 4.2 or above
- **iPhone, iPad or iPod touch** running iOS® 8 or above
- **Kindle Fire Phone, all Kindle Fire models** except for the first-generation model
- **Mac:** Safari 7 or newer, Firefox 45 or newer or Chrome 43 or newer
- **PC:** IE 11, Chrome 43 or newer, Firefox 45 or newer or MS Edge 12 or newer

Please note: To take advantage of all available channels, you must be on a device connected to either MyResNet in the Residence Halls or SUNY_W@SP in an academic building. A complete channel listing is provided on the back of this sheet. If there is a * next to the channel name, the channel will only be able to be watched while on MyResNet or SUNY_W@SP. The rest of the channels will be watchable whenever you are connected to the internet. While connected to the campus network, you can have up to 5 devices connected at the same time. If you are off campus, there is a limit of one device connected at a time.

If you need assistance connecting a device to Spectrum U, please contact Residence Life via email, reslife@potsdam.edu and we will do our best to assist you. Please include the following information:

Your Name, Building and Room Number, campus email address.

Specifics about the device you are having issues with (type of device, brand, model, network you are connected to), and detailed information about what issues you are encountering (include error messages if present).
