# SEMINAR SERIES

DISCIPLINED INQUIRY IN EDUCATION

**Wednesday, October 26th, 2016, Noon**

**Literacy Center Balcony**

Mrs Joanne Stiles  
Department of Secondary Education

## **Professional Partnerships and Preservice Teachers**

**Abstract:** University faculty and PK-12 faculty can learn from each other, especially in regard to teacher preparation. When preservice teachers are included in professional collaborations, the learning goes above and beyond any set expectations. This presentation will address two years of collaboration with the Norwood Norfolk High School English Department and the positive impact it had on the Adolescent English Education preservice teachers and high school students.
