

TRANSFER ARTICULATION AGREEMENT

between

ADIRONDACK COMMUNITY COLLEGE

and

SUNY POTSDAM

The purpose of this agreement is to facilitate the transfer of students from the Liberal Arts Math & Science: Health Education Concentration A.S. degree at SUNY Adirondack to the Community Health B.S. degree at SUNY Potsdam. Students transferring with an associate degree will enter Potsdam as juniors and, assuming normal academic progress, have the opportunity to complete the B.S. degree in two additional years of full-time enrollment.

Admission

- Adirondack students should apply to SUNY Potsdam the semester prior to their intended transfer date. Applying early in that semester is encouraged.
- The application is available online at www.suny.edu/applysuny - the application fee is waived for students transferring with an associate degree from Adirondack.
- An official transcript is required from every college attended.
- An official high school transcript or copy of the GED/TASC is also required to be on file for federal financial aid purposes.
- Students transferring with the A.S. degree and a 2.0 or higher grade point average are guaranteed admission to SUNY Potsdam.
- Transfer scholarships are available to transfer students with a 3.0 or higher GPA - apply at www.potsdam.edu/scholarships.
- The parties will encourage all students, regardless of background, to pursue enrollment in the A.S./B.S. program.

Transfer of Courses

- All college-level non-major courses with a D (1.0) or higher will transfer; all major requirement courses with a C (2.0) or higher will transfer and count toward the major.
- There is no maximum number of transfer credits, but a minimum of 15 upper-division credits in the major must be completed with SUNY Potsdam coursework. Students transferring credits in excess of those required by the A.S. degree at Adirondack may complete more than 120 total credits in pursuit of the B.S. degree.
- An official evaluation of transfer credit is provided within ten days of acceptance.
- Adirondack students transferring upon completion of the A.S. degree have satisfied SUNY General Education requirements.

Transfer Services

- New transfer students are required to attend an orientation.
- New transfer students receive individual advising with specially trained advisors.

Authorizations

This agreement commences upon the date of its signing and shall remain in effect until terminated by either college. The major information will be reviewed on a periodic basis and updated as curricular changes are made at both colleges. Both colleges will notify each other when such changes are made.
