

# 2021 Annual High School Art Exhibition

- Welcome to *The Annual High School Art Exhibition* hosted by the Art Museum at SUNY Potsdam. This year's exhibition is all-virtual and we are pleased to have so many fabulous submissions from regional art teachers.
- The Art Museum would like to thank the Juror, Nathaniel Infante, Assistant Professor in Printmaking at SUNY Potsdam, for selecting the winners.
- Extreme gratitude goes to our donors for making the awards possible: PACES, The Brewer Bookstore, the artists Jane Lammers and Colden Hill Wheeler, the Art Department at SUNY Potsdam, and the North Country Art Teachers Association.
- As always, a huge THANK YOU to the art teachers and their talented students- without these individuals we wouldn't have an exhibition 😊
- We hope to see you all in-person next year!

April Vasher-Dean, Director

# Juror's Statement

The process of jurying an exhibition like this is often very difficult when so many of the artists are well-rounded and talented. However, this is a good problem to have as a juror as it is confirmation that the creative spirit is flourishing in our regional students and demonstrates the success of our regional art teachers! I was extremely impressed with the level of skill displayed in these submissions as well as the creative approaches to working in various media, subject matter and aesthetic design. Making and sharing art with others is incredibly important in times of turmoil and helps us all to strengthen our bonds to one another other, communicate, and heal. Congratulations to all of the students who participated in this exhibition and thank you for sharing your art with us.

-Nathaniel Infante
