Final Oral Exam for Music Education Majors

Each student in a Master of Music degree program must complete a final oral exam. The format of the oral exam for Master of Music - Music Education majors will depend on which option the student is in: Option A (Thesis option) or Option B (Non-thesis option).

For Non-Thesis Options students, an outline of their final presentation, along with a bibliography, must be submitted to the student's committee no later than four weeks before the final oral exam.

Non-Thesis Option Oral Exam Presentation

Upon entering the program, students in Non-Thesis Option (Option B) will create a list of 3 questions; one question based on curriculum work, one question based on historical/philosophical influences and one question self-generated. The oral exam for summer students will be conducted in the fall term following the student's last classes, with their degree conferred with a December date, at the end of that fall semester.
