My preparation at SUNY Potsdam has equipped me with knowledge and pedagogical skills to have a positive impact on student learning.
Evaluate the progress of students using a variety of assessment data measuring goals appropriate for the grade level and subject.
Collaborate with colleagues to monitor student performance and make instruction responsive to cultural differences and individual learning needs.
Use multiple indicators, both formative and summative, to monitor and evaluate students' progress and to inform instruction.
Provide evidence that students are attaining college and career readiness knowledge, skills and dispositions (ex. content learning standards, critical thinking, collaboration, communication, leadership).
Reflect on and use data to provide ideas about what can be done to improve my teaching and student learning.
