Video/Audio File Guidelines

Video overviews are REQUIRED for all Kilmer participants and individual/teams who have elected to make their projects eligible to be judge in various prize categories.

- Video, audio, or PowerPoint presentation should be 3-5 minutes
- Your short video/audio file may be a PowerPoint with voice-over, a YouTube video, an MP4 (MP3 if audio) or similar format that is suitable for uploading to a WordPress website.
- Here's a short tutorial (including 'dad' joke) for adding voiceover to PowerPoint slides: https://youtu.be/nOfRN59CrYU.
  - Be sure to format your video so that it is shareable and be prepared to reformat if the format is incompatible. One problem that has arisen in past is when files are merely shared (as with 'web.microsoftstream' or 'google drive') rather than uploaded. Proactivity can help avoid glitches that will otherwise give everyone a headache to solve.
